Profile Name: 24/7 Babylon Girls London Escorts Agency

Website: <https://www.babylongirls.co.uk/>

Phone: 07919077777

The Premises:

Pleasant enough and clean flat. Babylon girls text the address like many of the London agencies and this works much better than trying to write it down. The only slight draw-back was that I was given the name of the block of flats but no street number and it took a few mins to find. Not a problem in this case but would have been a pain if I had been running late.

The Lady:

Very attractive girl from the Baltic and accurately described and pix on the website.

The Story:

I had a good time with Anya. She gave me a good massage - v welcome after a busy day and then a sexy bj. This was exciting anyway and she added to the anticipation by saying that she was hoping that I was going to give her a good fuck. She rode me in various variations of cowgirl, fast and slow, until I came.

Anya is good company and chatty and friendly even though her English is not perfect. She is not raunchy and has limits on what she is prepared to do but has seductive eyes that contribute to a sexy experience. My only slight criticism is that a 2nd time was not obviously on offer (although to be fair I did not ask her and I did have a full hour of her company). Is this becoming more common on the London scene (2x always used to be the norm in an hour) or is it just that the girls don't think that I'm up to it these days?
