The Premises:

This place is located opposite Tesco's in a quieter part of the High Street. Once inside it is very comfortable and there is a rear exit behind the shops.

The Lady:

Vanessa is a dark haired, Latvian girl late teens, early 20's about a dress size 8. She entered the room wearing a black 1/2 cup bra and matching black boy briefs.

The Story:

The only problem with punting on a Friday is that I am usually tired after a long week commuting up to London. I decided on a massage and hand relief service and the massage was okay, but with no teasing. I turned round and played with Vanessa's pert B cup, pointy breasts with button nipples. She wouldn't let me suck them, so I squeezed her bum instead and continued fondling her tip tilted breasts. It took a while before I climaxed and I felt nice and relaxed.

This is an okay place, not too far from the train station and they offer a choice of two girls on a daily basis.
