The Premises:

Leisha's apartment is a beautiful apartment in the heart of one of the best areas in South Kensington. She keeps the apartment very neat and tidy and it has a wonderful ambiance.

The Lady:

Leisha is physical one of the best looking escorts I have ever seen (and I have seen many attractive escorts in my time. She is a very attractive, exotic lady with a absolutely beautiful face. The website pictures on city butterflies are good but in the flesh she is even more beautiful with a firm well toned body. Her breasts are simple amazing - very supple yet firm. In summary in terms of physical beauty I can say she is on a par with Shanaz who used to work for the Gallery and she has a very similar disposition as well i.e. friendly, charming yet very passionate in every department.

The Story:

When I met Leisha I was slightly nervous - I always am when I meet a new escort. However, she immediately put me at ease with her friendly, charming and intelligent conversation. This is not to say she is any wilting flower though, as she is very passionate - so be prepared. I'm not the one to go into details but suffice to say if you are after a very passionate girl friend type experience with an exotic, stunning and sophisticated lady then Leisha is the perfect girl. She is not a clock watcher in any way and goes out of her way to ensure you have a great time. This was money well spent and I will definitely be back. I can thoroughly recommend Leisha.
