The Story:

Was in Bristol for the day and having seen Paris on her web site I had to visit. Met at the door and taken to the bedroom where she went through her services, I never going to leave and paid my money, undressed and waited a few min for her return.

Paris starts off with a very sexy lap dance which she encourages you to feel your way around her body and then strips and on with OWO swinging her legs around into 69, lots of sexy chat when she hasent got her mouth full. She kisses as if she means up which I think is a must with any girl. She then went on her back and I went south inserting a finger or two while lapping her clit,up again to her wonderful tits when she took my fingers and sucked off her juices.

On with a condom and into mish for some fast fucking and im sorry to say I didnt last long but it was very nice.

Into the shower to clean up and a little more chat befor I left.

Next time I will go for an hour
