The Premises:

The apartment was very nice with three bedrooms and a couple of bathrooms with a kitchen/living area to congregate in between partying.

The Lady:

Dani matched her description on Lady M's website very well as a petite and busty blonde who is really into sex! What may have been missed out is that she is also very fit and proud of the number of situps she can do so she has a nice flat, firm stomach.

The Story:

I wanted to leave this as a party report, but I haven't quite worked out how yet! Anyway, this was my first ever party experience. Having had a look at some other party sites on the web, this looked like a good one with good reports and the reports were definitely justified.

From the word go they make you feel very much at home and it is very relaxed, helped by the superb hostessing of Lady M herself. There were four girls there, Dani, Robyn, Asha and Lucy. Dani gets my vote for being a real sex bomb! I wondered how these parties would work and how much sex would genuinely be on offer. The fact was, as much as any human could handle! There were just 5 punters for 4 girls, a great ratio, and the girls, sometimes prompted by lady M, were ready to party from start to finish. Dani was eager to get started and we went into the first bedroom where I tongued her to an orgasm that she was at pains to make clear was very genuine...I had no doubt! Asha, a new indian girl then came and joined us which I though could be great and invited her to sit on my fac while Dani rode me to my own orgasm. But Asha was too shy (!!) and instead just dangled her tits in my mouth whilst talking to Dani about another guy she had just blown off. Asha, you need to get into the sex and stop talking like you are on a fag break! I felt like I wasn't there!

Still, cracking ride from Dani still had me explode fairly soon.

After a relaxed chat in the lounge I found everyone else was back in action and I wandered into another room to see Robyn getting finished off. I offered to leave but was told to hang on and after a

quick wash down, she was ready for me. After licking her to orgasm (have you worked out yet that I love licking pussy?) I took her doggy style and she then finished me off with a blow job and finally wanked me off 'til I came over her face...then she kissed me with my spunk dribbling off her lips...brilliant! Robyn was a true pro, a great fuck and also has a great sense of humour.

After another break we were being encouraged to go again and much as I was keen, the flesh was somewhat weak. Dani was in playful mood and I ended up stuffing a banana up her twat, then strawberries and cream and eating it out which was fun. Asha came back again though and once again spoilt the fun. She tried tugging and sucking me, but it was in such a detached and work-like way that there was nothing erotic about it and that was me done for the night.

Overall this was a good experience, but I am not sure it is one I will repeat. Unfortunately, the sight of other middle aged men whose physiques have peaked (don't get me wrong, I'm no adonis) banging away at these girls was not a turn on and the opportunity of having two girls to pleasure and pleasure me on one bed was wasted with Asha being involved. She was not a party girl as far as I was concerned and if I came across her as an individual punt I would have been very disappointed.

However, if you see Dani and Robyn on the party list along with a couple of others I would recommend giving them a try. Nice few glasses of wine too, thanks Lady M!
