Presentable but access is through the front door off the main street.

Rooms could do with a little bit of care but they are not bad. Showers and beds are clean.

### The Lady:

Described as 19yr old, she is fresh, pretty and has a lovely slender body.

### The Story:

After the shower she came in and lay next to me on the bed, we had a little chat, probably to put her at ease too. I began by massaging Bubbles, nice and gentle. I soon worked up an erection just thinking of that silky smooth body. Eventually her bra and panties came off and I was kissing her lovely tits and pussy. Although I never proclaim to be an expert, she was definately biting the pillow and I could feel her thighs ripple against my head.

After a little while I entered her in missionary position, then asked her to ride me which she obliged. Next we went into the sitting position which I think she enjoyed too. Finally I asked to to ride me until I came, and I did.

This was such a lovely session I didnt really want to leave, or at least I wanted to go back.

As we were relaxing afer a knock came on the door (this doesnt happen often to me :-). I dressed and left.

Highly recommended.
