The Premises:

The Retreat is a discreet basement flat, clean, tidy and with a dungeon room which is small but well equipped with a bed, whipping bench, hoist, cross, and a great array of whips, canes, clamps, weights, candles, a violet wand and other toys. It also has a good selection of costumes.

The Lady:

I had met Lisa several times before. She is one of the best dominatrices that I have been fortunate enough to suffer under, and I'm talking globally here. She really enjoys her work. If you are open with her she is caring and responsive and will skilfully match her performance to your needs. She is also drop dead gorgeous: slim, firm breasts, satin smooth skin, shaven, and with a bottom to die for.

The Story:

Those two hours just flew by. Towards the end I had very few nerve endings that hadn't been highly sensitised by Lisa's close and intimate attentions. My nipples were on fire and my bum was a bright crimson. Lisa caned accurately and judged my pain tolerance perfectly. My manhood was ready to burst. But she had one more great surprise for me. She knows I like to switch and as a reward for taking my punishment well I was permitted a toy show with a difference. For a slave to see his Mistress spreadeagled on the cross and wearing the painful nipple clamps she had so recently used on him was utterly mind-blowing.

What did it do to my orgasm? I'll leave you to guess. But the next time can't come too soon.
