The Story:

I have had Leonora on my shortlist for a while. The right opportunity arose and I started early in the morning, about 9am to try and contact her agency. The agency came back promptly and I arranged to pick Leonora up at the station.

I was on the platform when the train came in and.....WOW....Miss World stepped off the train. We got into the car and drove off to my place. Now I have to say, this girl is an absolute beauty, with the best turned out, French mani and pedicure I have seen ever. Drove home with a hard-on of note. It was extremely hot and when we arrived at my place we had a little orange juice and she asked to use the shower. She stepped out from the bathroom wrapped in a towel and when that came off...I went weak at the knees. She is a Goddess with the loveliest little body, tits and bum you could wish for. Completely shaven and certainly 'the' most beautiful girl I have had the honour of fucking. We spent three hours of wonderful sex. She does not do tongues and won't let you put your fingers in certain places but other than that, she is just great.

If I was fifteen or twenty years younger, you guys would not be able to see her as I would just take her away with me.
