The Premises:

Basement flat just a little off Baker Street station. Nicely kept and quite easy to find with good directions from moss. No problems with running into the neighbors from any of the other flats.

The Lady:

Four girls partying on this day, Danni, Lucy, Honey and the new girl Asha. I?m terrible with descriptions so it?s best to take a look at the website for pics, every accurate and genuine of the girls partying.

The Story:

My first time to a Lady Marmalade party, as described above, nice basement flat easy to find and felt very safe, very welcoming atmosphere - if you want to try the party scene, this is where to do it. I was greeted by Moss when I first came in, as always give a quick guided tour of the flat and given a place to leave my valuables. Provided with towels for showers and robes. There was an even lower ration then I ratio they the advertised, 4 girls to only 8 guys.

The girls were great and followed up there antics with tremendous enthusiasm for the whole two hours. Didn?t get to see all the girls, but was treaded to a nice BBBJ by Danni before a quick break which was followed by a nice two girl session with both Danni and Asha. Unfortunately time was not on my side and before you know it your having such fun you don?t realize where the time goes. Even though this was my first party there seemed to be a good mix on first timers and a number of returning guests which must be a good sign and shows the kind of party LM and Moss put on. Definitely worth another visit.
