### The Story:

I've been really busy at work, then on holiday, which explains the month-long delay in filing this report. I'm a hopelessly addicted boob-man, so a visit to Sarita when she was in London was an absolute must - and I wasn't disappointed! Sarita is a fun lady and a good conversationalist and was only too eager to indulge my lust for her massive breasts. We enjoyed a bottle of champagne that I took along and whilst we did, she gradually revealed her enormous cleavage by unbuttoning her shirt that was straining to contain its glorious contents! I then finally got to revel in her glories and she loves having her nipples sucked and generally having her breasts worshipped. The ultimate joy though was when she agreed to pour copious amounts of baby oil over them. Then they turned almost translucent and liquid in both their look and feel. Finally, though sex was on offer, I just had to erupt all over her amazing breasts. This was duly done thanks to some of the best hand and O relief I have ever had - one of the most shattering orgasms ever. Sarita is AMAZING, trust me all you boob lovers!
