The Premises:

A 3rd floor flat very close to earls court tube station. I only saw the bedroom and the bathroom. The shower didn't really work.

The Lady:

She's as hot as she is in the pictures, I would say prettier. An extremely fit black girl.

The Story:

To be honest this was pretty rubbish. She reads out a menu of do's and dont's at the start (after you've handed over your money of course..) like you're in a ?50 a pop massage parlour. Oral is with condom, kissing without tongues, and so on. All services are performed in a perfunctory style (look the word up, it's worth it). So much lube combined with the industrial strength condom meant I could hardly feel anything inside her. And she encourages you to hurry up (again, just like a cheap massage parlour) Despite her impressive appearance it's absolutely not worth visiting someone like this when there are such amazing girls available for the same money who give you GFE or really hot sex or whatever you're after. Just read half the other field reports on this site to find a million girls better.
