The Story:

What a punt. A fantastic hour. Everything was on offer. I did a lot of research before giving her a go and it was worth it. A great experience. OWO, several positions, CIM. Lots of kissing and touching but the one thing I really enjoyed was the fact that she could hold a conversation. My previous punts to other Eastern European agencies have been good on the sex front but very lacking on the connection side of things. What a girl! I tipped her 50 quid to let her know that even if she did up her price (as what Max says on the website that could happen, though probably not), I wanted to let her know that I would be more than willing to pay as the experience was top draw.
