The Premises:

Honeyz is fine. A decent bit of Forest Gate, and its a standard East London parlour. Not luxurious, but acceptable

The Lady:

Coco is black, well built but not fat. I would say between 20 and 25. Curly shoulder length black hair, attractive, with good sized breasts. I would describe her as a nice all round package.

The Story:

I have seen Coco once before a year or so ago, but didn't submit a report as I had a complete memory lapse on her name. It was a good service then, and so proved to be this time as well. Coco gave me a very sensual and sexual massage, and this got me nicely heated up. I had to turn over, as I couldn't resist any longer. She gently told me off for this! I then started to suck on her breasts while she gave a good stroke of my cock. I stroked her clit during this, and she was very wet.

Coco then went onto some oral. This didn't last especially long, as we were both keen to get onto the sex. I took her from behind initially which was a tremendous view, as she has a nice black girls arse.

As mentioned in my previous report, this for some unknown reason, was a weekend for me of long pounding. So we swapped positions to go on top, and then a delightful angle which I haven't quite done before, with me going in, in what can only be described as side on and diagonal! Anyway it was lovely, and very sensitive, and by then a very hot and sweaty session.

In the end, I came over Coco's tits which looked especially good with the white on black.

It was a great session and I thanked her for a good time. I hope to see her again, and I would thoroughly recommend her.
