Slim, mature redhead.

The Story:

I recently moved to South London and, having read Jack Hammer's review of Debbie (number 63671) and seen her details on the Michelle's website, decided to pay her a visit. She answered the door herself and immediately made me feel at ease with her friendly, chatty demeanour.

She started with a relaxing massage before moving on to a superb covered BJ - first warning me that she sometimes gets carried away, and to tell her if she was. I then went down on her, which she clearly enjoyed, before fucking her in the missionary position.

After finishing, she offered me a drink and we had a chat before I went on my way.

I can understand why Jack Hammer adds a disclaimer about not wanting to brag in his report. Debbie is really enthusiastic and obviously enjoys her work, and she does make you feel special. She's generally just very, very good at what she does. I can't recommend her highly enough, especially if you're a fan of the more mature woman.
