The Lady:

Victoria appeared looking like the perfect image of your friendly, redhaired, girl next door. Her face and her eyes betray a sharp set of brains, and under her very decent cardigan, one can distinguish a nicely shaped body. And when she undresses, a very sexy companion appears.

She is also an intelligent woman with some real conversation, she is well travelled, and has knowledge of several foreign languages.

The Story:

Victoria gave a shy knock on the door. But once inside, Our meeting rapidly got quite cuddly and physical, as we both seemed eager to get real close. Victoria a very experienced Lady. she knows how to sense your desires and how to respond to them. She is very skilled indeed.

And in between the body-action, we did find the time to strike up some real conversation. You may find that victoria makes an interesting intellectual companion as well.

A higly recommended lady.
