The Premises:

Very smart block of flats just a couple of minutes walk from Baker Street station. Nice bedroom and bathroom ? just fine for what we wanted.

The Lady:

The pictures tell the whole truth about her physically ? she is a beautiful German girl who speaks immaculate English and, for the first time, I have actually met someone who is a complete courtesan. Interesting, interested and a complete lover who is only too happy to share EVERY part of her body with you. If I were given to taking beautiful women out for the evening and then spending the night with them, this is the one who would be top of my list ? of course there is every chance that you would be dead from sexual exhaustion by the morning !

The Story:

The sex was absolutely magnificent and it was all available and it was all sublime. Susan from ATOC told her to be wearing only high heels and a bath towel ? and like the good star that she is, that is what she was wearing. Her only concern about showering with me was that we wouldn't both fit in the shower ? no problem, there's another new party trick she had learnt ? having your balls soaped by a curvaceous woman with her chest pressed against yours is a real pleasure you should all try. We drank the red wine I brought, we chatted, we had unbelievably good sex, she told me frequently and exactly how her orgasms were progressing ? and two days later my groin is still aching from the mutual pounding we inflicted on each other.

Tell me guys, what more do you want ? call Susan (thank you darling for another amazing escort) and go have a great time.
