The Story:

Well it started badly as my punt for the day let me down and then Karens parlour was shut and firmly bolted. I resorted to The Lodge (formerly Aquarius) as I was really up for a decent fuck.

Two girls were on, but one was occupied so I was introduced to Sunny. It was hobson's choice but when she came out she smiled and introduced herself and I thought 'ding dong' attractive, young girl with a great figure and top arse.

Well, I've been punting on and off for a good few years without any real bad experiences but this one more than made up for it!

When she came into the room I tried to make small talk as you do, but she was plainly a lady of few words apart from telling me her 'extras' were to go down on her for ?20 or to finger herself until she comes for a tenner and she didn't do it 'without'. I declined the extras and thought to myself that a lady is meant to enjoy a bit of time spent with a tongue on her clit but this one was charging ?20 for the honour - sod that for a game of soldiers! She asked if I wanted a 'massage'. I put that bit in inverted commas because Sunny's massage consisted of slapping some cream on my back and then spending ten seconds spreading it around. I kid you not, she rolled me over so fast that my cock was still in sleep mode. Once on my back she put a condom onto my soft cock and proceeded to suck it to life, not something I'd normally complain about but again this lasted 20 seconds max. I was still only half-erect by the time she opened her legs so had to wank it for a bit to get hard. She saw this as another opportunity to hard sell her fanny frig for a tenner routine, but by which time I'd quickly cottoned on to the fact that this routine was likely to be the fastest masturbation to climax ever performed.

I fucked her for a bit in missionary, trying to get something akin to the half hour I'd paid for, but then

she complained that a bead of sweat had dropped onto her! I asked her to get on all fours and still determined to make it last I started to fuck her from behind, but when she said 'come on, fuck me and cum' I thought 'let's get this over with a get out' so I finished quickly.

Like the caring girl she is she hopped in the shower first to get rid of all that nasty sweat of mine and took her time while I waited like a lemon for her to finish. Then i showered and dressed in silence.

True to form she fucked off before I'd finished dressing and then to add insult to injury the receptionist disappeared for five minutes so I had to sit there and wait for my change. At least she had the decency to apologise when she eventually reappeared.

Sunny is in the wrong job and for every punter in manchester's sake I hope she changes career soon.
