The Premises:

Tidy basement flat in quiet road, 2 minute walk from tube station.

The Lady:

Sexy looking blond, small conical titties and a great ass, not to mention one of the smoothest shaven pussies I've had the pleasure of.

The Story:

I can concur with the previous positive reports on Sabrina that she is indeed a rare gem in the world of escorting. Sabrina met me wearing a sexy camisol and perspex porno high heels and welcomed me with a kiss. After taking turns in the shower she gave me a sexy lapdance before putting her tongue down my throat for some mindblowing DFK, she then worked herself down to my cock for OWO. Now I'm a big boy in the trouser department and only my ex girlfriend out of 30+ girlfriends and escorts has ever managed to deepthroat me to the balls, until now! Although it took Sabrina several attempts to get my bellend past her tonsils she went on to give a masterclass in deepthroating with total control over her gag reflex. On the downside I did find her general oral skills and handling of my cock a little rough to the point of being painful, although she did ease off after I asked her for the second time. Briefly rest of the encounter went, CIM, nice oily massage, more oral, sex in doggie, handjob over tits. Apart from the sex side of things what I liked about this encounter was the attention to detail like, mens toiletries in the bathroom, candles and incense in the bedroom, decent sexy music (Enya), drink delivered on a tray on a doily! All little things I know, but it all adds to a great experience. Highly recommended
