The Lady:

Beth advertises her self as big tumbled, big bummed and big boobed blonde which is very accurate - she is a very pretty lady with a welcoming easy smile

The Story:

I have visited her many times over the years and had a great time on every "date" She introduced the tantric massage earlier this year and I was intrigued to say the least and did not believe the claims other reviewers had made so decided to find out in the flesh.

After a shower I lay face down on the bed whilst I was expertly massaged from head to toe (lucky I did not dose off it was so relaxing) Beth then rolled me over and after a few minutes massaging my chest she blindfolded me and asked me to breathe through my mouth, hold it for a second, then exhale - I spread my legs wide and she sat between them to tend my cock and balls with gentle teasing strokes giving a wave of sensations I have never felt possible.....I grew very hard and honestly felt I was going to cum, but Beth held me back from the edge, she repeated this closeness 3 times over what must have been about 25 mins or so before letting me explode with such forceafter I had cum she continued to massage my legs whilst my breathing returned to normal.....only then did she clean me up and removed the eye mask.....wow b****u fantastic experience...we finished off with a shared shower.

So what the others have said is 100 per cent true
