The Story:

Paid the ?15 entrance fee and after having a shower returned to the room to find Loise already in the room waiting. She proceeded with the basic massage which was good and with prolomged attention to my already stiffening cock. She told me that this was her first day at this parlour having previously worked in Folkestone. This might explain why she was very keen to please. She then asked if I wanted anything else (Seems to be the way they do it here) and we agreed on oral and sex for ?70 (Last time I came that was ?65) The blow job was covered but a great technique with her long hair hanging and tickling my balls. Onto sex in missionary which as she had done a good job with the blowjob didn't last too long but good all the same.

All in all an above average punt but the only downer was Louise wasn't interested in kissing. Which when you've had such an intimate encounter with someone always seems a bit strange. So not quite a GFE but worth a go. Also the whole encounter only lasted 35 minutes which makes the total cost somewhat higher than equivalent parlours.
