The Lady:

Zina is a fine figure of a lady. She is pretty without being truly stunning and she has a nice wholesome figure. What stands out, as she herself is the first to admit, is her truly wonderful chest. Every bit as wonderful as it looks on the website. Something to die for, no doubt about that. She is perhaps a fraction larger than the pictures on the website, but that by no means detracts from her stunning other features!

The Story:

Zina can only be recommended. She had a smile on her face throughout, gave excellent value for money and was everything I hope she'd be.

When she arrived we started with a massage. Not perhaps a brilliant massage, but, well, if I wanted something that would sooth my aging bones, then I would probably look somewhere else. As a starter for the main course, it did the job though. She was quite prepared to lie back and let me place with her chest (which I did for quite a while) and she sensed when I wanted to move on. The oral (with) was excellent (she promised it would be beforehand!), and she made an effort not just to concentrate on the top of my knob, making sure that she took everything at a slow pace, going up and down my shaft with real feeling. I had to stop her before things ended too early.

The sex, in a number of positions was also super. Again, I had to control things to ensure I didn't cum too early. Zena knows how to please and I was totally satisfied with the experience. I will, no doubt, be going back for more ...

One final thing; I personally don't like girls from eastern Europe who speak next to no English. For some punters, not a problem, but for me, well, a bit of an issue. Zina knows when to talk (and she does this well) and knows when not to. A much-underrated asset ...
