### The Premises:

Flat just a stone's throw from the tube. Usual entryphone but you have to find the back staircase to get to the flat. Flat was ok, but the room was bare (no bedclothes, just a sheet).

### The Lady:

As per the photos - long dark brown hair (more reddish than the pics), nice legs, slim. Also listed at Diva and as Julia at Escorts of London.

### The Story:

Oh dear. Typical bad punt - things started off badly and went downhill. I'd booked for two hours to have a relaxing fun time with a pretty girl.

I was invited to sit on the bed, she sat on the chair. Conversation was stilted and all initiated by me. Eventually told to undress and she took her dress off. First problem - no kissing (note that Angels of London have her down for FK!). Is this a problem? Yes, but let's carry on. Lying on her back resulted in lots of stoic looking in another direction. Reverse O she enjoyed but fingers were slapped away. Uncovered O was terrible, lips around the tip and a hand job really. No technique, just mechanical repetition. Massage using her breasts was ok, but went on forever. Actual sex was only in mish as I was 'too big' (didn't feel like that!).

All in all, she was cold, distant, disinterested, time wasting and obviously just there to get money. The only time she smiled and laughed was when after finally finishing round 1 at 11.25 (bearing in mind that we didn't start till nearly 10.30 and in the end I'd popped out of sheer embarrassment) that I was cutting my losses and leaving. The smile left her face when I asked for the difference of fee back - a couple of phone calls to the agency sorted this. I can't blame Affair Girls as they did point out that this was a new girl and they hadn't had any feedback. They have had now and it isn't good.

In short, another girl who is over here and wants to make easy money without putting in the effort. Maybe after this fiasco she will change her ways, but I doubt it. One to ignore chaps. How sad.
