The Premises:

The Garden of Eden is on the main Coventry Road. There parking in the side roads behind or for short periods in front of this establishment. The receptionist was very welcoming and made me a cup of coffee. There are usually 3 or 4 girls to choose from. The best room is the VIP with en-suite showers.. The other rooms are OK and there is a shower in the corridor.

The Lady:

Katie is a very attractive 22 year old with long dark hair and brown eyes. Her natural boobs are very touchable. Her body is well proportioned. Her profuse bush is she has neatly trimmed and she does not shave her pussy. The overall effect is very sexy.

The Story:

I asked for Katie because I had such a good time on a previous occasion. She started with a very tactile massage then gave me a very pleasurable covered BJ. Then she went on top cowgirl style all the time watching me with her dark eyes and adjusting her movements to give me maximum pleasure. Her boobs have a nice motion when she rocks back and forth, but I did the decent thing and cradled them in my hands - bliss. Katie then lay on her back with me on top. She then gave me a real GFE cuddle with her body moulded against mine while we discussed what to do next. She fetched her strapon dildo from her bag while I booked the second hour. She carefully inserted the dildo and gradually increased the tempo. I know I enjoyed it and she seemed to be having a good time as well. Katie is certainly a girl with hidden depths and is very sensual. It is worth taking the time to explore what she has to offer.
