The Premises:

Typical WG flat within spitting distance of Earl's Court Tube. On the second floor and standard layout. Be careful of getting into the bath for a shower. I almost broke my neck as it's a bit tricky.

The Lady:

Both girls have had updates to their photos and now look as per the site. Both are blonde, slim, around 5'6, small breasts with large nipples and soft and smooth to the touch. Claim to be from Moscow and seem about the stated age of 20.

The Story:

This was a treat for me as I'd never had a threesome before, but with the excellent price for 90mins and the fact that it was a birthday present, it seemed like an excellent idea. The girls were the typical Russian poppets so I was hopeful of a good time as well.

Met at the door by both girls and that brought a big grin to my face. After the obligatory shower, it was straight onto the bed and into the action with the girls taking turns at owo whilst the other paid more attention to my upper half. Kissing was lips only but still fun. After round one was a two girl massage and a couple more rounds were easily squeezed in before it was time to leave. All in all a good session.

However, I will probably not go back to both of them. Minus points for spending time talking to each other in Russian - I realise that their English is very limited, but still. Additionally, I wasn't really comfortable with the whole threesome thing. Maybe if the girls had been a little more dirty it would have been more fun, but a lot of the time was spent groping and not really turning them on which meant that I didn't feel so comfortable. So whilst I have tried this, it's not really my cup of tea. Still others may find it just what they are after!
