The Lady:

Very large and very black. Every boob lover knows Jennys modelling. Absolutely huge boobs, gigantic, the biggest I've ever handled and thats saying something.

The Story:

Firstly Jenny is not a "full" escort as such, she is a classy model who for a very select and lucky band of men arranges discreet meetings but full personal services are NOT on the agenda. At first glance the price I paid was excessive but I don't regret it for one minute. She arrived and filled the room with her boobs. As you may know I have a bride fetish, she was fine to accomodate. She got undressed and put on the veil. She looked a pretty picture. She smothered me with her boobs for two and a half hours and I loved every minute of it. Boob relief is fine so my knob was in amongst them for the whole of that time, I really messed them up three times, came bucket fulls, sheer bliss.

As said this classy lady will not entertain just anybody and because of the cost only polite gentlemen/businessmen are welcome but if you get in there you'll be remembering it for ever.
