The Story:

Think twice before booking this girl!

Initial reaction was very good. Opened the door to see a tall, beautiful, brunette, just as pictured on the website. However within a few minutes, and after some awkward polite conversation it became very clear that she was not in a particularly friendly mood. She was abrupt and rude, and made it clear she didn't really want to be there.

She seemed a little drunk because she couldn't walk straight in her high heels. Anyway when it came to the sex she was very cold, mechanical, and unaffectionate. After 35 minutes she was getting ready to leave. Having paid for an hour I would normally have said something, but I actually wanted her to leave!

Perhaps she wasn't feeling her best or had had a long day, but then she should have cancelled the booking. I might assume that maybe it was something I said or did but I went out of my way to be as polite as possible. My advice to anyone is to think carefully before booking this girl.

Buyer beware!
