The Story:

A good, if slightly strange punt. Went to see Tamaira based on her photos and glowing reviews on 90 mins site. Started with some FK on the bed, wasn't really deep kissing at this stage then followed by OWO. Having read the reports, I fully expected CIM, but she pulled away at the crucial moment.

Didn't bother me, but I was surprised. Then some small talk, she speaks good English and some more kissing before some DATY, which resulted in her climaxing. After this T really changed, some serious DFK and very deep OWO followed. It became just a passionate blur...I couldn't hold on and again she pulled away as I came, so CIM definitely doesn't seem on offer, but that doesn't bother me. So we never got round to the sex, which I somehow think she wanted as she didn't try to initiate it at all. Maybe she prefers oral.

A good punt, with a smart, intelligent girl, I would say it was strange because of the way she changed after climaxing, she suddenly really got into it but didn't seem to want full sex. If you do go and see her, I recommend starting on DATY to get the best from your visit.
