The Premises:

Basic parlour with discreet rear entrance from side street, as well as front door onto busy main road. Car park available though I used the street. Parlour itself was clean and warm, friendly maid, carpeted throughout, with one en suite room, and one room with adjacent shower room.

The Lady:

Lovely chatty girl, aged about 35, 5ft 8ins tall, brown hair with blonde hi-lites, and very busty. Wore the traditional high heels and black stockings as well as a low cut top showing off her boobs.

The Story:

As soon as Kerry came into the room I knew it was going to be fun. She can talk for England, and can't massage to save her life, but boy does she make up for it in other ways. Plenty of body-to-body contact, teasing, long slow kisses, and deep throat oral. I opted for covered oral on this occasion and she put the condom on using her mouth. Then it was 10-15 minutes of the best oral I've ever had from a working girl; she was superb. And that was followed by a nice slow screw with lots more kissing and dirty talk. I finished off with Kerry lying flat on her back and me wanking over her boobs while fingering her. Kerry specialises across the board except swallowing. Next time I'll have the hour. An excellent punt.
