The Lady:

5'9", big breasts with pierced nipples, size 14-16, big tattoos, look at her website for lots of photos.

The Story:

I had read all of Karry's reviews and none of them had a bad thing to say about her. I was attracted by tales of how willing and genuinely enthusiastic she seemed to be about all sorts of activities, including anal which I had yet to try and DFK. As noted, Karry only gives out an email address initially and appointments need to be made at least a day or so in advance so for one reason and another I emailed her four days ahead, something I have never done before as I tend to be more spontaneous and decide on the day that I have both the horn and the opportunity to do something about it! And I think therein lay my mistake.

Contrary to other reports, written I think through rose-tinted spectacles, I believe Karry looks exactly like her website photos, ie. not bad but nothing special. She is very tall (5'9?), but not what I would call slim. Her pussy is wonderful though! I can now vouch for her enthusiasm and willingness to do a wide variety of things and had two firsts with her: first of all she gave me a fantastic BBBJ to completion and swallowed the lot, almost as soon as I walked in her living room; second, she responded very positively to my request for anal!

However, sadly, after that great BJ none of it did much for me. I quite enjoyed giving her oral which she clearly enjoyed too, cumming noisily, but I was already planning my exit. Maybe I wasn't in the right frame of mind, but I think it was more that Karry wasn't physically attractive enough for me, that she tastes of smoking (she admits to being a smoker on her website but I didn't realise then that her deep French kissing is compulsory rather than optional!) and interrupted sex a couple of times for a deep bronchial cough, or that she is sexually quite aggressive. She never showed a sense of time pressure, but the pace she set was almost frantic in her quest to make me cum the second time almost any way she could think of until I had to call a halt and say enough was enough. Karry is a genuine person and easy to talk to, but I'm afraid that she just didn't turn me on enough despite her ferocious appetite for sex. I would have actually preferred a slower pace. And, though I will try it again just to be sure, what is all the fuss about anal? I was quite disappointed, but I can see why her raw passion for sex would do it for many punters.
