The Story:

Previous FRs have reported positively on Vanessa. I'm happy to do likewise. She is a bright (ethnically) Russian girl, although she came here via Estonia as reported on the agency website. Previous FRs commented on her limited English; this has obviously improved since; it is now as good any EE WG I've yet met recently. Her German is rather better than mine too (and mine isn't bad) Some amongst you may wish to try asking her to shout "f*** me harder" in German at the appropriate moment. Ahh.... somehow memories of world cups since 66 fade away..... Anyway, she's easy to communicate with, and great fun with it. Its also true that she will provide and happily drink Vodka with you. Only those of you who have done time in Moscow will appreciate the subtelties of this. A proper, fomral Russian toast followed so immediately by the action called for, made my night. No pretend sipping, she put them away good and proper. She might be a bit too lean for some; she really is very well exercised and there is no fat on Vanessa; but what there is of her is perfectly toned and her pride and confidence in her body somehow adds to the experience. The services that I required ware delivered with feeling and enthusiasm, and with a human interaction/sense of humour that belied the underlying commercial nature of the meeting. In summary, highly recommended, you are unlikely to meet many young ladies with the perfectly toned body / friendly & relaxed attitude / sense of fun combination that Vanessa offers.
