The Premises:

Deceptively large flat, nice bedroom. Only complaint is the shower cubicle is a bit small but I guess that's not her fault!

The Lady:

Pictures on the site are accurate, think her long hair is hair extensions as I think I felt something like clips but can't be sure.

The Story:

Susie layed on the bed and said she'd be waiting whilst I went for a shower (she seems to appreciate clients having a shower first). Soon as I got out of the bathroom, she pounced on me, owo to completion.

Rest period consisted of a good chat and a massage of my legs (although she's quite good on the upper body, I specifically needed my legs done). Her english is excellent.

After the massage, more owo and I had to request a cover before she got carried away with the owo. We went into several positions and it was only from breaking a sweat and tiring myself out that we stopped - just wasn't gonna happen a second time - usually manage it though! She felt like she came a couple of times, based on her reactions and body temperature changes (felt like a bit of a stud!)

All in all, I've visited her twice, I've left feeling knackered twice, treat her well!
