Smallish blonde lady in her 50s, with large breasts. I think she only works until about 6pm.

The Story:

This report covers more than one visit. I found Patricia through one of the local papers and have seen her three times.

We started off with a gentle massage, especially good when she used her tits over both front and back.

When I saw her the first time, she would only do O with, but dispensed with the condom for the later visits. However she will not do CIM. She is capable of good prolonged DT and uses her tongue very effectively as well.

I've had sex with her in various positions, which she does well if rather passive. Last time, she wanked me off whilst licking the outside of the shaft, a really great feeling.

Excellent value for money; like a lot of mature women, she gives a great service
