The Premises:

Her flat was basic but clean in a nice area between paddington and baywater. She was not home when I arrived and her pretty flatmate told me to call back.

The Lady:

Lucia has a nice firm body, she is fairly average in the pretty department. She did not feel the need to make any effort in terms of dressing up or anything and was not wearing any shoes or stockings or anything of that nature.

The Story:

From the start Lucia made me feel uncomfortable. She was not welcoming and the only time she smiled was as she made me feel self conscious critasizing my body and telling me that she was not going to offer me good service.

She refused to kiss (even though it says French kissing on her page) and she would not let me kiss her neck, touch her pussy or 69 with her. She asked me for a massage, complained that it was too short and the told me that she would remember this when it came to sex.

Her general attitude was such that I was unable to perform because I felt stressed and unwanted by her.
