The Premises:

Roxy lives in a flat in a small block (2 floors) at the end of a residential street. There were some kids playing just outside so I parked my car about 100 yards away. The flat is functional and clean and the bedroom contains a bed, a chair and a full length mirror.

The Lady:

Roxy is blonde, early thirties (a guess - but she looks younger) slim (32B, another guess) and quite tall. In her high heels she was probably about 5'8". She's rather pretty, with a ready smile and has fantastic legs. She has a few tattoos - normally I don't like this, but these have been done properly so no problem for me. When she opened the door, I was blown away - she looked great in a pink net micro-mini dress with - it was immediately obvious - just a pink thong on underneath. High-heeled shoes completed the ensemble. It was difficult to ignore her nipples peeping through the holes in the dress (so I didn't).

The Story:

We sorted out the money and then Roxy sat on my knee for a few minutes whilst we got to know each other. Plenty of touching and kissing was inserted into the conversation. She undressed me, gave me a little sampler of her OWO and then I had a short massage. More OWO followed (she was quite happy to kneel in front of me and the mirror so I could see properly). She even lifted her hair away in porn film style. Good eye contact throughout. Then onto the sex. I'd asked her earlier how she kept so slim. "Shagging" she replied. So we went for it. Doggy, mish (plenty of french kissing), cowgirl, etc. Great. Eventually I finished with CIM which she took readily. Roxy doesn't swallow (that doesn't bother me) so disposed of my fluid in a tissue. We both had a quick cleanup, a bit more chat and then I went on my way, very happy with my new find.

Gents - because Roxy is obviously very experienced in her job, there may be a temptation to make assumptions that she can be treated badly. She is however a pleasant, honest and lovely lady - please treat her as such. Roxy is now on my "whenever in Bristol" list.
