The Lady:

What a lovely girl - Blonde, early twenties, petite with a nice pair of tits, which I was informed, are to be enhanced in the summer to give them a little bit more lift - I'm quite a fan of large firm tits so I must put it in my diary to pay Anna another visit after the surgery.

The Story:

I had decided to have a day's holiday and treat myself to a little relaxation in the hands of a lovely young girl. On my arrival I asked for the 45 minute massage as I was in no rush to get anywhere. Having read reports of Anna on Punternet I had made my mind up before arriving that she was the girl for me. I was informed that Anna was busy and would be approx 20 mins - that was fine by me. I showered and took my seat in the waiting room upstairs. I was offered a cup of coffee by the very pleasant receptionist whilst I waited for Anna. Anna soon finished with her previous visitor and it wasn't long before we were being introduced. Anna described herself as a rather shy, next door type girl - I do think she was slightly under-selling herself. I was shown into what I can only describe as a small but cosy massage room and was asked to make myself comfortable - I never know what to do when asked to do that. I sat against the massage table and waited - Anna walked in and locked the door! She walked over to where I stood and immediately introduced herself by standing between my legs and started rubbing my chest whilst giving me a very soft, long, lingering kiss on the lips - umm very nice. This progressed to her slowly unwrapping my towel and taking the little fellow by the hand and carressing him into life - Wooh. Things just got better and better from there. After a very nice massage, I was asked to roll over for some extra special treatment - and what treatment it was - I had already placed my order for everything that was on the menu and I was certainly not disappointed. Anna gives a fantastic bit oral without and I could have layed there all day. I mentioned during our conversation the fact that I was a bit of an exhibitionist, and upon Anna mentioning that the receptionist was a keen voyeur, I felt all too obliged to let her satisfy her curiosity. So there I was with Anna having a mouth full of my manhood and the receptionist standing next to me enjoying the view whilst I suckled on her, all too inviting, tits. What a way to spend an hour. Anyway to finish off we had sex doggy style on the bench which was a wonderful way to finish off a wonderful visit. Anna you were wonderful and I will certainly be back for more. XX
