### The Premises:

Very safe and convenient area for parking, entered the building and was warmly greeted by receptionist and asked if I would like a drink, this was my first visit to the place and they were treating me like an old friend, was introduced to Megan who came over to me and said hello, found the whole spacious area very relaxing.

### The Lady:

early 20's, with short fair hair, about 5'6 and curvy in all the right places, very nice smile and friendly on first appearance.

### The Story:

I was not sure who to book, as I had never been before, and very little info on the three on the rota, Megan was covering because of sickness so I was lucky she had been brought in.

I was taken up to the room for a shower and left to freshen up, soon Megan appeared and walked over to the bed and sat herself down and cast me a loving smile, I joined her on the bed and we went straight into cuddling with some kissing thrown in for good measure, I opted not to bother with the massage, after a few moments of stroking I asked her to remove her dress, and was amazed at how busty Megan is, and quickly got to work on her pert breasts, this also involved lots of penis and ball stroking from the lady and I was gasping to taste her love juice so I removed her black panties and explored what was one of the sweetest pussies I have ever tasted, we then had a good session of more kissing and stroking with plenty of intimacy, then it went into us masterbating each other till I shot my load on Megan.

After this I was having another shower as Megan made me another drink and was invited to spend more time chatting with her and the friendly receptionist for a while before I had to move on as time was pressing, but I was made to feel very welcome and treated like a regular which would be something I'd like to be.

Don't be deceived if you see Megan in reception, she is more than GFE experience, and these breasts are worth the money alone.
