### The Premises:

Belannas house is clean, but not super-tidy. The area is residential with plenty of on-street parking and felt very safe.

### The Lady:

She is just over 5ft tall, with sparkling eyes and a personality to match, and a wicked smile. She has nice boobs and body with a very spankable bottom, and a few stretch marks that are being removed with exercise and a secret potion she has recently found!

### The Story:

I don't submit many reports (although I read lots), but the experiences I have had with lady have been exceptional, so I have decided to do a report on my most recent visit to her. She is very friendly and approachable, and can talk for Britain. She gave me a wonderful time and nothing was too much trouble. I loved playing with her boobs, which, while not the biggest, were just right for me and her nipples responded well to my attentions. She let me fist her, and exercise my dominant side! I won't say any more (even though a lot more took place), but if and when you read this, Bel, thank you for everything. I can honestly say that the climaxes I have had with you have been some of the best in my 50-odd years of life!
