The Premises:

The room Helen uses for "work" has been transformed, it has been recently decorated and now had warm-red walls, and low-level lighting, and creates the perfect atmosphere for a lustful time. And if you are tall enough, being able to put your feel on the wall for that extra leverage certainly helps with those extra-deep thrusts! The upside-down door handle which only works by being raised takes a little getting used to!

The Lady:

A "new" Helen met me at the door. She has been dieting (though I thought she was perfect before), walking and cycling, and it shows. The warm welcome and smile were unchanged, she enjoys her work and makes you feel like a boyfriend she has known for years. One minute you can be fucking her hard, and the next, sharing a joke with her. Helen is now able to be a little more flexible about the hours she can see clients. If you get your kicks from servicing a young bimbo then Helen is not for you, but if you want the intimate company of a real woman then look no further.

The Story:

I hadn't seen Helen for a while and I wanted to see her again because she is, and still is, the best kisser I have ever met.

Watching Helen's panty-less arse climb the stairs in front of you tells you all you need to know about the good time you are about to experience. Her attitude to "customer service" means that she always makes sure that you get what you want from your visit.

The OWO was a trip to heaven and back as like some, she doesn't stop sucking when you start explode, she continues gently and makes sure she empties your balls completely.

Being an older punter my equipment was taking a while to recharge and reload, but Helen soon found my "on button" with the tip of her finger, and I was soon ready for sex in several positions.

The sight of a fully-shaven Helen with her ankles behind her ears and her pussy and anus winking at you, should be enough to make anyone hard. On this occasion We didn't get round to some anal, but it was offered if I wanted it. Yes she is a very good fuck, but she gives you so much more, she is the girlfriend you always wished you had met.

A cuddle with those magnificent breasts snuggled up to your chest makes the world feel, if only for a while, a much better place.

Thank-you for fantastic time Helen. I always leave you with the thought that every day, some lucky

guy is waking up next to this lovely lady, I wish it were me.
