The Premises:

Very nice location, convenient, public but safe.

The flat was very smart, clean tidy and big although I didn't get to see mych because I was ushered straight into the bedroom.

The Lady:

She is the lady in the website pics but like most reports mentioned about girls pics in all reports is that the pics have all been airbrushed. Madlen was much severe looking and I noticed she's starting to develop a bit of a tummy.

The Story:

Didn't really work for me. She was very business like and not at all friendly like the previous reports mentioned. Started off with OWO which I only lasted about 10minutes, it was good but she obviously didn't like CIM, just redirected my load onto my belly. After she helped me clean up, she just sat on the other side of the bed and balled up (arms hugging her legs, chin on knees) and just wanted to talk. No touching was allowed, so I tried to talk to her but she was so negative about everything in the UK and just made it clear that she didn't like the job she was doing.

Half an hour into the appointment I prompted I was ready, so she just gave a big sign and said 'let's go'. Tried sex but by this time I was no longer horny and I just wanted to get away from her, so after I failed to hard for the 2nd round, she just said 'sorry maybe next time' with no further attempt to finishe me off. The whole appointment only lasted 45minutes, felt like I'd been ripped off.

Sorry to the lads who put a good report for Madlen in the past, but unfortunately (for me) she seems to have gone downhill since those reports. Those lads were lucky, they must have caught her in her early days when she was really into the job. I can't recommend her and I definitely won't return, but you never know, maybe she just didn't like me (though I must point out that I'm not really bad looking and I have a pretty good figure).
