The Lady:

I had decided on taking a break from my all Sammi "diet". And made an appointment to see Tia. I had wanted to see her for some time and this was the first time our schedules had matched. She met me at the door and she certainly is an attractive girl, not as tall as I thought but that wasn't a problem.

The Story:

I won't go into too much detail as I never do. I had seen a number of mixed reports on Tia but I found her to be the consummate professional. A very nice kisser. She said all the right things (and made all the right noises) in all the right places. We both had a good time and ended with a very relaxing massage.

If you haven't seen Tia you really should, although you'll have to wait for about six weeks as she is going to have her very pleasant assets enhanced. I might have to visit again and see how they turn out.

Although, I might have to see Sammi again now she has gone blonde and I didn't recognise her. Whoops!
