Blonde Bombshell - looks like a model

The Story:

Arrived early and recognised emma from a different establishment but never was able to book. She looked divine so thought make an appointment. She came into the room very bubbly and I thought this is going to be brilliant. Told her not really interested in massage just want to fuck. She took me in her mouth and her technique was good with her looking into your eyes. Was going to burst so on to the rubber and she started riding me fast. This is when the punt started going down hill. It felt like she wasn't allowing me to go deep. When asked about this, she explained she was sore. Persuaded her to try missionary and discovered she just felt loose. Couldn't really get going after that. She is a lovely girl with great oral technique but feel she needs to start exercising her pelvic muscles as I am not exactly small.
