Basic wg flat near the tube station. Safe enough.

The Lady:

Wow, she is stunning probably in her late 20's but the pics on babylon girls website do not do her justice, besides they dont show her beautiful brazillian ass, im still wondering if they were implants.

The Story:

After a crappy party at cub fantasy, i kalled 90mins, Barracuda & affair girls but all the wg's i wanted to see were busy so i kalled babylon girls though i said i wouldnt see any girls from this agency as i was once turned away by one of their wg's coz i wasnt caucasian, and there i was thinking punting was multicultural, anyway i was given her address made my way there and when she opened the door i knew i was in for a treat especially when i saw her ass, oral was with despite being told that she did owo but i didnt let that faze me, she doesnt speak much english so communicating can be frustrating but i speak a lil spanish so that helped, anyway we fucked in every position imaginable she was very imaginative and she kept screaming in spanish and telling me to cum with her. 2 cums later i was totally drained had a shower and on my way out she wouldnt let me go and she kept kissing me, really great 4 my ego, would love to go n see her again but sadly there are loads of wg's out there and by the time i get back to her she would hav left but when i become a multi millionaire i would track her down and make her my mistress lol! by the way thanks little johnny ur fr led me to this gem. she is a must see especially for those of u who like round brazilian butts.
