The Premises:

This place has undergone a transformation since Holly and Macy took over (Both gorgeous and taken unfortunately). Plenty of free parking across the road. The location is via a private entrance on a busy main road, which in some ways I prefer. The place is kept very clean and now that the shower is fixed it has everything you could want.

The Lady:

Crystal is a tall slim leggy brunette with a fantastic smile and a personality to match. Great boobs and in perfect proportion.... for me anyway! In reality, she's probably only about 5'6" but thoes legs seem to take up most of that and she always wears 6" heels so appears much taller.

The Story:

I never do 1/2 hour visits as I tend to do too much talking and if thats what you want and youre as mad as me then Crystal is your girl. No OWO which is ok because she is a passionate kisser so no worries about kissing a girl thats just had their lips around someone elses old man! Though to be honest in the heat of the moment that concern doesnt usually enter my head! Considering I was the last guy of the day though she was still eager to please and watching her ride me cow girl was a site to behold, especially when she kept saying what a fantastic cock I had (yeah us men are easily pleased). She gives a fantastic GFE and I expect would be great fun to go on a night out with or to just stay in and explore her body. Its basically horses for courses, if you want PSE then look somewhere else (though she does look like one) but if you want entertaining and great good old fashioned sex with a ditsy girl then she's the one.
