The Premises:

Modern apartment block in central location. Secure electronic door entry system. Felt very safe.

The Lady:

Petite, young girl in early 20s. Long dark hair as per pictures on her website. Think Jenna Haze!

The Story:

Went up to the apartment got invited in about 5 mins early as she wasn't quite ready yet. Got comfortable and waited for Ashley to come in. She came in wearing clothes as requested looking very sexy. Straight to oral on me, later returned the favour. Ashleys site says she does CIM but was told she charges extra for that which I was quite disappointed with so didn't do that. After some sex we moved to have a shower together but water was cold so couldn't do that either. Finished up in bathroom on her chest which she didnt like. Again her site says she offers COB, COF. Was given a rather dirty towel to wipe myself and left just as her friend arrived.

Overall.. a really good looking girl with a great body. Let down by not providing services as advertised, giving me a dirty towel and her friend calling over. Also it seems there was somebody hiding in another room (spotted her ushering a shadow away from the kitchen door as we made our way to the bathroom), possibly there for Ashleys safety, but would have been nice to get informed of that beforehand.

I would recommend her to others, as i'm sure this doesn't happen all the time. But i don't think i'll be returning personally.
