The Lady:

Late thirties, short dyed blonde hair, slim but busty figure, fully shaven

The Story:

firstly tied my cock and balls up with a long piece of leather strap, before putting mt spreadeagled on the bed, completely immobile. She then added nipple clamps, onto my nipples and scrotum, and a bsll gag put in place to keep me quiet before pouring hot wax onto my penis. I was then offered a drink, when I replied yes, I was dragged through to the bath room and used as a toilet, any urine I didn't drink I had to lick off the floor. I was then told to masturbate, and come onto the floor, again I had to lick up every drop, before being fucked with a strap on.

On my next visit Mistress is going to have another male slave and force us to "play" together.
