The Story:

I've been looking for a new girl I can do business with for a while, and having done the rounds of insipid little blond EE's and cynical adultworkers, Fabia came over as a breath of fresh air. She knows what it's all about and best of all enjoys it, her friendliness and enthusiasm making for a wonderful hour, really coming over as wanting to meet halfway. Lovely personality, never stops smiling, genuine pictures. Beautiful large natural firm boobs, great figure (maybe little bit of liposuction), fit as a butchers dog. She kept apologising for her lack of English, but it was good enough and no problem. She reached orgasm with oral very quickly (which was genuine - I know a fake one by now) and seemed a little concerned that she had come while I held back. She then took charge and put me through the mill until I couldn't hold it any longer. Cuddled up while recovering, moved onto a good session of massage both ways before Fabia took me in hand, finishing me off the 2nd time with a digit up the a**e which always makes for a fist clenching finale. Don't expect oral without protection ? that was fine by me, the quality of her service in other areas more than compensated. A great encounter with a real woman. Next time maybe I'll see her with her friend Tatyana, that promises to be a truly awesome experience.
