The Premises:

Functional, rather drab, adequately clean. The area is very safe.

The Lady:

She looks pretty enough in the photos, where she is expertly made up. She looks even prettier in reality without the make-up (at my request). She has a nicely judged tan and a great figure and seems extremely fit, with very firm muscles, without being obviously muscular.

The Story:

She appears as Pola on the Hot Collection and Diva Escort websites and as Paula on Love Roses. Hot Collection says she is from the Baltic States, and Affair Girls told me specifically that she was Latvian. She herself was very surprised to hear this and says she is Russian.

At present her English is very poor, and she isn't a demonstrative person, so communication was limited. She didn't want to kiss, but in every other respect she was happy to do what I wanted. I had brought a particular sex toy with me, and we used it on her together so that she came four or five times in the hour I spent with her. (This was genuine. There is no need to fake it with this machine.)

Not my best punt ever (see my review of Nerea for that one) but still very pleasant. She says she expects to stay until December. Maybe I'll see her again in a few months when her English has improved.
