The Lady:

To be honest when i knocked on the door a lady answered to tell me she was debbie which to be honest disapointed me a bit cos wasn't how i imagined looking at her pics on website and reading her reviews ! but i told myself 2 find out from having the debbie experience that i'd read time and time againt on her fr

The Story:

we started of with debbie as she was all alone with no maid making me a cup of tea which didnt really get touched as debbie proceded to snogging my face of and undressing me.lifted up my top and sucked my nipples breacking of only 2 stick her tongue down my throat.she then unzipped my flies pulled my cock out and procede to give my cock and balls a good service then unzipped her bra 2 give me a go on her ample breasts.they are very nice size and definatly more than a handful.then after a bit of time on the bed playing with her clit and exploring each others mouths it was of 2 the bathroom.

all the way 2 the shower we were playing with each other had my hand up her while she was opening the bedroom door she had hold of my cock half way 2 the shower.once in there i have never had so much fun in a shower wow! couldnt keep our hands of each other.

Debbie even made drying fun we had our towels wrapped around each other kissing each others body then on to the bed where she sucked my cock before sex with her on top watching those tits bounce up and down before finishing doggie style which ended up debbie on the floor

All in all a fantastic visit and ended up leaving with a smile on my face
