The Story:

Nice chick, just what I needed.

Angelika looked sexy as hell when she opened the door, her English was quite good and she was very welcoming. Offered me a drink but I declined, don't normally do that but she looked so fucking horny I couldn't wait to get down to business. Angelika left the room with the brown envelope containing the dosh, she was wearing black lingerie, when she returned moments later she had the same thing on expect for her g-string, which she had removed. We moved to the bed, or rather she moved me and lay me down but instead of lying with my head near the headboard he asked me to turn around the other way and let my head drop off the end. I soon realised why - once I got there she lowered her bald twat right onto my face so I could lick her out. She moaned and groaned heavily - I susoect she has done this with previous clients. After that we had the customary foreplay before I knobbed her as hard as I could from behind.

A really good fuck and great value for money. Wholeheartedly recommended.
