Description of events: Elizabeth greeted me with a big smile and lead me up to the studio apartment, after verbally confirming how long I wanted to stay and dealing with the fees she asked me to shower whilst she made me a coffee. Elizabeth is extremely talented in the massage area and thoroughly relaxed me using her hands and breasts to ease away the stress of the day along with easy chat as though old friends. I then gave it my best shot at returning the pleasure and massaging her and we chatted about my fantasies and to do sexually list which included some of the services she offers including fisting and tantric massage. I then decided time to dine at the y and my efforts were well rewarded with a very moist response from elizabeth's woman hood, this was followed by some expertly guided fisting into what was now a very very wet pussy. After a fresh coffee it was my term to be pampered with a tantric genital massage that absolutely blew me away - I was blind folded and told to breathe in a particular way whilst warm oil was administered to my genitals - Elizabeth proceeded to gently bring me back and forth from the brink until I was panting to explode and explode I did seeing lights before my eyes and feeling the climax shudder through out my large frame - once I had calmed I showered again and still not sure how I managed to stand after such an unexpectedly intense experience at the soft hands of Elizabeth. Pity she is so far away normally in Kettering
